- Update contact information
- Print a receipt
- Download a confirmation
- Download information for the WTW21 Planner

3 **Click on “Attendee Registration”**

## About this event

Work Truck Week 2021 (WTW21), which takes place online only March 8–12, 2021, is a reimagined way to connect the commercial vehicle community and provide the product news, market trends and operational insights you've come to expect from North America's largest work truck event. WTW21 offers access to the latest information on work trucks, equipment and other new products; exclusive updates from leading chassis manufacturers; analysis of relevant economic and market trends; new sustainable vehicles and technology; opportunities to connect with industry-leading manufacturers and suppliers.

With respect to the confidentiality of OEM exhibitor information shared during WTW21, in agreement with the presenting chassis manufacturers, OEM registrants are requested not to attend competitor sessions.

## Start your registration

To check your membership status, please contact us at [info@ntea.com](mailto:info@ntea.com) or 800-441-6832.
